Strong Leadership, Talented

This year, Good Health Clinic's Executive Director Kate Banick was recognized in many capacities, including being named a 2022 Inspiring Woman of Health honoree by the Health Foundation of South Florida and being nominated for Woman of the Year by UK Business and Professional Women. She has also been invited to teach a non-profit Financial Management class for the Community Foundation of the Florida Keys' Leadership Success Academy in 2023.

Contribute to a Legacy of Health

With nearly 30% of Florida Keys residents uninsured, Good Health Clinic is critical in maintaining our community's success. As we enter our 20th year, we hope you will support future decades of our work. For donors looking to make a lasting impact, Good Health Clinic has several options that benefit our organization, the donor, and the community!

- ▶ Deferred giving through bequests or retirement plan, and life insurance beneficiary designation
- ▶ Charitable annuities and annuity trusts
- ▶ Gifting of publicly traded securities and real estate

Our Partners & Supporters

Team, Partnerships, IMPACT

To ensure the generosity of our extensive network of volunteers and donors is managed in the most efficient and impactful way, our daily operations are handled by a dedicated, skilled staff. This caring and passionate team collectively has over 100 years of community health and medical experience, giving this organization the talent to ensure our patient care and programs are relevant and successful.

More Than a Doctor's Office

Good Health Clinic provides far more than medical services. To facilitate the most productive and healthiest lives for our patients we provide services, resources, and support that truly tackle the barriers to health.

▶ Care Coordination 

- ▶ Over the counter & prescription medication
- ▶ Organize transportation

- ▶ Hygiene, household products
- ▶ Glucometers and test strips

▶ Eye Glasses 

- ▶ Dental care

- ▶ In-clinic labs
- ▶ Smoking cessation supplies
- ▶ Community resource liaison

▶ Food Security Assessment 

Life Saving Impact

Women's access to preventative healthcare can unquestionably save the lives of our community's valued mothers, daughters, and sisters. As we continue to focus on facilitating women proactively taking care of themselves, we are proud to report breast cancer screenings through GHC has preserved the structure of more than one family this year.
